General instructions:

Let's Go Anti-Foam is a special purpose foam suppressant for use in agricultural chemical sprayers and also for use in dip tanks commonly used in the grading of pome and stone fruit. In situations where agricultural formulations and surfactants are under agitation during tank filling large amounts of foam can form. Let's Go Anti-Foam should be added to the tank before foam levels build to excess so that filling can continue.

MIXING INSTRUCTIONS:

Shake container before use. Let's Go Anti-Foam can be prediluted 1:5 in water or added directly to the spray tank.

PROTECTIONS OF WILDLIFE, FISH CRUSTACEANS AND ENVIRONMENT:

Do not contaminate streams, rivers or waterways with chemical or used containers.

STORAGE AND DISPOSAL:

KEEP OUT OF REACH OF CHILDREN. Store in closed, original container in a well ventilated area, as cool as possible. Triple or, preferably pressure rinse containers before disposal.
